

Grants for you– what can I apply for?

There are 3 types of things you can apply for under 'Grants for you'.

You can pick something from one of these categories:

- a piece of technology
- a transport solution
- something for your enjoyment

Technology: Apply for what you need for one piece of technology. It is your choice, but examples could be a laptop, iPad, a mobile phone, communication software or games console, and related costs such as set-up support or training.

Transport: Apply for what you need for a long-term transport solution. It is your choice, but examples could be a mobility scooter, electric bike or driving lessons, and related costs such as set-up support or storage.

Enjoyment: Apply for what you need for your own enjoyment. It is your choice, but examples could be a training course, materials, equipment, an activity or trip, and related costs such as travel or PA expenses.

How much can I apply for?

When you apply, you will be asked what you want and to give an idea of the costs. Include extra things that would make the opportunity possible, such as travel expenses or set-up fees.

If you would like further information about what you can apply for, please call the Funding team on freephone: 0800 422 0404 or email grants@barnwoodtrust.org
