1. Purpose and Principles

- 1.1 This policy sets out the approach Barnwood Trust takes to Safeguard adults and children. The purpose of the policy is to make sure that all Barnwood Trust employees are aware of their roles and responsibilities within the Trust's approach to Safeguarding.
- 1.2 This policy sets out how we will:
- (i) protect people from harm.
 - (ii) make sure people can raise Safeguarding concerns.
 - (iii) handle allegations or incidents.
 - (iv) respond, including reporting to the relevant authorities.
- 1.3 The Trust recognises that:
- (i) It is the human right of all adults and children to live a life that is free from abuse and neglect.
 - (ii) Abuse can be committed by anyone, including those who are in a trusting relationship with the individual at risk.
 - (iii) There is a duty to do everything possible to prevent, report and tackle abuse wherever it is found.

For principles of Safeguarding and Prevention see **Appendix 1**.

2. Legislation and Associated Policies

- 2.1 The main pieces of legislation governing this policy are:
- The Care Act 2014 - the statutory framework for Safeguarding adults¹
 - The Mental Capacity Act 2005
 - Safeguarding Vulnerable Groups Act 2006
 - Care Standards Act 2000
 - Public Interest Disclosure Act 1998
 - Mental Health Act 1983
 - NHS and Community Care Act 1990
 - Working Together to Safeguard Children 2023²
 - The Children Act 1989 and 2004
 - Clare's Law 2014³
 - Domestic Abuse Act 2021

¹ Up-to-date information on UK adult safeguarding policy is available here:

<https://www.scie.org.uk/safeguarding/adults/legislation/>

² Changes to the Working Together to Safeguard Children legislation are outlined here: <https://learning.nspcc.org.uk/research-resources/2023/working-together-to-safeguard-children-2023-summary-of-changes#:~:text=This%202023%20edition%20replaces%20Working,age%20of%2018%20in%20England.>

³ Information about Clare's Law, the right to check a person's history of domestic abuse, is available here:

<https://www.gloucestershire.police.uk/rqo/request/ri/request-information/cl/triage/v2/request-information-under-clares-law/>

- 2.2 The scope of Safeguarding is broad ranging, so in practice it will be implemented through a range of policies and procedures. These include, but are not limited to:
- *Safeguarding policy*
 - *Code of Conduct*
 - *Health & Safety policy*
 - *Lone Working policy*
 - *Complaints policy*
 - *Conflicts of Interest policy*
 - *Whistleblowing policy*
 - *Grievance policy*
 - *Data protection and Information Governance policies –*
 - *Employee and Trustee induction*
 - *Employees and Trustee training*
 - *Safe recruitment practices*
 - *Social media*
 - *Allegations Management*

3. Definitions and Abbreviations

- (i) **Trust Employees** means all Barnwood Trust employees; any current or future volunteers, including Trustees; and any temporary paid or unpaid staff on work placements at the Trust.
- (ii) **Child or children** refers to someone aged under 18.
- (iii) **Adult with care and support needs** means someone who is over 18 and who is, or may be, in need of services by reason of disability, learning disability, physical illness, serious mental health condition or age; and is or may be unable to protect themselves against significant harm or exploitation.
- (iv) **Adult Safeguarding** means working to protect adults with care and support needs who are experiencing, or may be at risk of, abuse or neglect. It is about people and organisations working together to prevent and stop abuse or neglect, while at the same time making sure that the adult's wellbeing is promoted. Safeguarding duties apply for any adult who:
- has care and support needs*, *and*
 - is experiencing, or is at risk of, abuse or neglect, *and*
 - is unable to protect themselves because of their care and support needs⁴.

*Adult Safeguarding also applies in cases where a person is experiencing or is suspected to be experiencing domestic abuse, regardless of care and support needs.

⁴ Further guidance on the Safeguarding threshold for reporting to the GASB and what to do to support someone with a (small 's') safeguarding concern is available here: <https://gloucestershire.gov.uk/media/ljjocqey/safeguarding-vs-safeguarding-guidance-final.pdf>

4. Roles and Responsibilities

4.1 The Trust recognises the role of the Local Authority and its partners:

- (i) **The Local Authority** (Gloucestershire County Council) have the lead role for Safeguarding. They have the primary duty to make enquiries to decide whether any action should be taken and if so, what and by whom. Their duties also include assessing a child, young carer or adult caring for a child if the person is likely to have needs when they, or the child they care for, turns 18.
- (ii) **Partner Agencies:** The Local Authority and partner agencies have duties to co-operate with each other (Care Act 2014 and Working Together to Safeguard Children 2023). The Local Authority may request other agencies undertake all or part of the enquiries and partners have a legal duty to cooperate with requests.

4.2 The Trust recognises that effective Safeguarding is a multi-agency approach.

- (i) **All Barnwood Trust Employees:** Safeguarding is everyone's business and seen in this way, effective "Safeguarding" – supporting children and adults with care and support needs to live safely, promoting wellbeing and preventing the risk of abuse or neglect – takes place within our core duties and responsibilities.

As a *minimum*, employees will:

- be alert to the possibility of abuse or neglect, know how to respond to and report abuse or neglect in line with the procedure set out in this policy.
- ensure that our work contributes to promoting children and adults' right to live in safety and does not contribute to experiences of abuse or neglect.

- (ii) **The Designated Safeguarding Lead** is responsible for coordinating action on Safeguarding, ensuring a clear process for reporting concerns, ensuring all employees are aware of their responsibility to report and record any concerns, supporting employee confidence in applying the Safeguarding procedures, and involving partner agencies as necessary. The designated Safeguarding Lead will be a member of the Leadership Team.
- (iii) **The Deputy Designated Safeguarding Lead** can deputise for the DSL in the case of absence. They support the DSL with their role and can discuss concerns with staff members.
- (iv) **The DSL** is responsible for securing Safeguarding training for employees at an appropriate level as agreed by the Leadership Team.
- (v) **The People Management Team** is responsible for:
 - Maintaining strategic oversight of Safeguarding issues and ensuring enough resources are allocated to enable the DSL and employees to discharge their Safeguarding responsibilities.
 - The implementation of the Safeguarding policy and procedures, making sure a DSL is in place and receiving appropriate training and support for the role.
- (vi) **Trustees** are responsible for ensuring the Trust has appropriate Safeguarding policies and procedures in place, making sure all employees have access to suitable training and advice, and providing scrutiny through the PNRC to the Board of Trustees.
- (vii) **The Lead Trustee for Safeguarding** is responsible for supporting, advising and guiding the Board who hold collective responsibility. Working with the CEO and DSL, the Lead Trustee will champion an understanding of Safeguarding and ensure that the Trust's strategy, policy and practice are creating a safe culture and keeping people safe.

5. Safeguarding Training

- 5.1 Barnwood Trust employees will keep alert for types and indicators of abuse or neglect as set out in multi-agency training. For further detail please refer to:
[Gloucestershire Safeguarding Adults Board Types and Indicators of Abuse](#)
[Gloucestershire Safeguarding Children Executive-Types and Indicators of Abuse](#)
- 5.2 Safeguarding Training will be mandatory for all new and current employees, Trustees and any volunteers who work directly with the people that the Trust conducts its works with.
- 5.3 The DSL will liaise with the Learning and Events Coordinator to maintain a log of Safeguarding Training required and completed.

5.4 The Trusts approach to Safeguarding Training has been informed by the Gloucestershire Multi-Agency Safeguarding training pathway, as detailed in **Appendix 2**. It is further supported by 'inhouse' training provided by the DSL/ DDSLs.

5.5 Table 5.5 provides a summary of Safeguarding Training.

	Safeguarding Training	Training Provider	Attendees	Frequency

- 5.6 If a Trustee has completed Safeguarding Training as part of their employment or another voluntary role outside the Trust, of an equal or greater level than detailed in table 5.5, they may provide the Trust with evidence of their attendance.

6. Keeping People Safe

- 6.1 Barnwood Trust will:

- make sure good lines of communication are provided within an open and trusting environment, so that the people we work with feel confident to raise issues of a Safeguarding nature.
- make sure that Safeguarding standards are in place for all our work, which are clearly understood by Trust employees and the people we work with.

- 6.2 Barnwood Trust employees will maintain appropriate and respectful relationships with the people we work with to facilitate:

- participation in Barnwood Circle; and/or
- participation in research, learning or campaign activities; and/or
- receipt of our Individual grants.

- 6.3 All employees and Trustees are required to declare their outside interests and/or relationships with anyone who is, or they become aware is, involved in the Trust's work or in receipt of Trust's funds. Declaration are through the Conflicts of Interests Policy.

- 6.4 At Barnwood Trust we do not hold relationships that:

- (i) Provide support to vulnerable persons.
- (ii) Provide home visits.
- (iii) Help other agencies provide direct support to vulnerable persons.
- (iv) Develop personal relationships with people we meet through our work at the Trust – this would lead to a power imbalance or conflict of interest.

- 6.5 These types of relationships and associated actions are not supported. Such relationships will be investigated if found, and may be subject to disciplinary action.

- 6.6 To support them with their Safeguarding duties, Barnwood's DSL, DDSL and any staff involved in specific incidents will be made aware of and given access to:

- (i) additional support through the Trust's Employee Assistance Programme (EAP) in the form of Supervision and/or Talking Therapies;
- (ii) where an employee is a witness to a crime they will be made aware of the additional support available to them through Gloucestershire Constabulary's

- victim and witness support team⁵ should they need to make a witness statement or provide a statement in court;
- (iii) other specific support as is considered necessary.

7. Procedures for responding to Safeguarding concerns.

The following procedures are mandatory. Guidance can be found in the **Appendices**.

7.1 Respond

If a person we work with or third party makes a disclosure; or an abusive act is witnessed, employees will:

- actively listen, without interviewing.
- ask questions but avoid asking leading questions.
- let the person know they will need to pass on the information.

It will be made clear that a person's right to confidentiality is not absolute and may be overridden, where there is evidence that sharing information is necessary to prevent a serious crime, or danger to a person's life, to others or to the community.

7.2 Assist

The employee will:

- Seek medical attention if needed by dialing 999 and asking for police/ambulance.
- Contact the police immediately if there is immediate risk of harm.

7.3 Record

Whether a disclosure has been made or the employee has a concern that someone may be at risk of, or suffering, significant harm through abuse or neglect, they will:

- record the concerns in writing at the earliest opportunity;
- reflect as accurately as possible what was said, done or observed;
- differentiate between fact and opinion;
- include the views of the adult, such as the outcomes the adult wants.

See **Appendix 4**

7.4 Report

- The employee will contact their line manager, DSL or Deputy DSL the same day as the concern raised. If unable to do so, the employee will immediately contact the

⁵ <https://www.gloucestershire.police.uk/advice/advice-and-information/victim-support/victim-witness-support/>

Adult Social Care Helpdesk on 01452 426868 or the Children's Services Helpdesk on 01452 426565 to seek advice and agree action.

- If the Adult or Child Helpdesk was contacted for advice, the employee will report the agreed course of action to the DSL or Deputy DSL.
- If the Adult Helpdesk were not already contacted, the DSL will determine whether a concern should be raised with them.
- In *all* cases where a child is identified as being at risk of harm, the DSL will ensure the Children's Services Helpdesk has been contacted.
- Where a concern does not meet the threshold for a referral to the Adult Safeguarding Board and/or persistent welfare risks are unresolved, consider referring to Multi-Agency Adult Risk Management⁶ MARM@gloucestershire.gov.uk

7.5 Review

- The DSL will monitor timely completion of actions in the Safeguarding log.
- In the case of formal referral being made and the DSL not feeling that a satisfactory response has been forthcoming from the referral authority, further action will be taken to escalate the referral to a more senior member of staff within the referral authority, or if necessary, to an alternative authority. See **Appendix 5**
- The DSL will provide a quarterly Safeguarding report to the People Management Team for review, and an aggregated report to the PNRC.
- The DSL will ensure that the Lead Safeguarding Trustee is kept informed of the level and scope of Safeguarding concerns and resulting actions, meeting 6-monthly as minimum to review Safeguarding training, policy and practice.
- Safeguarding will remain a regular item on the People Management Team, PNRC and Board of Trustee meetings.

8. Following up a Safeguarding Concern

The multi-agency Safeguarding partner protocols for resolution of professional concerns will be followed where necessary. See **Appendix 5**

9. Allegations against Trust Employees

- 9.1 All Trust line managers will ensure that allegations of abuse by employees are listened to and taken seriously.
- 9.2. Any investigation will be completed by either the DSL or Head of People and Operations.

⁶ For Further information and guidance on Multi-Agency Risk Management (MARM) in Gloucestershire: www.gloucestershire.gov.uk/gsab/i-am-a-professional/multi-agency-risk-management-marm

If the allegation concerns the DSL or Head of People and Operations, it will be reported to the designated Trustee Lead for Safeguarding and the CEO.

- 9.3 Please refer to relevant internal policies, such as Barnwood's Grievance Policy, Whistleblowing Policy and Allegations Management, for guidance on internal processes for responding to allegations against staff or trustees.
- 9.4 If necessary, allegations will be reported to the following:
- Adult social care;
 - Police – if a crime has been or is suspected of being committed; and
 - PNRC and Board of Trustees.
- 9.5 The Children's Services LADO will be alerted in all cases where it is alleged that an employee has behaved in a way that has harmed, or may have harmed, a child; possibly committed a criminal offence related to a child; or behaved in a way that indicates they may not be suitable to work with children. Allegations will be reported by completing an allegations management referral form and emailing it to amadmin@gloucestershire.gov.uk⁷.

10. Safer Recruitment Practice

- 10.1 Barnwood's recruitment practices support Safeguarding at the Trust⁸.
- 10.2 Safer recruitment practice applies to the recruitment of staff and trustees.
- 10.3 Advertisements for new roles include the following statement: *"Barnwood Trust is committed to Safeguarding and promoting the welfare of disabled people and people with mental health conditions and expects all employees to share this commitment. All offers of employment are subject to several employment reference checks and a [basic] DBS check provided by the Trust."*
- 10.4 The selection process takes into account appropriate evidence of applicant work history and interview questions test the applicant's awareness and aptitude for Safeguarding responsibility.
- 10.5 To ensure the safety of the people we work with, appropriate checks with the Disclosure and Barring Service (DBS checks) will be carried out for all employees and trustees before and during their employment. The level of DBS check that is required for a role

(basic, standard, or enhanced) is determined using the GOV.uk online checking tool⁹ each time a job role is created or reviewed as part of the job evaluation process.

11. Safeguarding Responsibilities in Funding Practice

- 11.1 As a Charitable Foundation and funder to Voluntary Community Social Enterprise (VCSE) organisations in Gloucestershire, Barnwood Trust takes a responsible approach to funding. Due diligence checks of an organisation – including a check of their Safeguarding Policy – are required to be met before their application for funding will be considered.

12. POLICY REVIEW

The Safeguarding policy will be updated in full every 3 years and approved by the Board of Trustees. Interim changes to the Safeguarding policy will be reviewed by the PNRC.

This policy underwent an external review in 2022, and Helen Black, Specialist Commissioning Manager at Gloucestershire Children and Families Integrated Commissioning Hub, also reviewed this policy in 2024.

A peer review of this policy by a comparable organisation¹⁰ or an expert consultant¹¹ will be considered prior to the next sign off.

This policy is for adoption from October 2024 and will be reviewed again in September 2027.

Approved:	Board of Trustees September 2024
Next review Date:	September 2027

APPENDIX 1: GOOD PRINCIPLES FOR SAFEGUARDING AND PREVENTION

The Six Safeguarding Principles ¹²	Experience of the people we work with.
Empowerment – People being supported and encouraged to make their own decisions and informed consent.	<i>I am consulted about the outcomes I want from the safeguarding process and these directly inform what happens.</i>
Prevention – It is better to take action before harm occurs.	<i>I am provided with easily understood information about what abuse is and what I can do to seek help.</i>
Proportionality – The least intrusive response appropriate to the risk presented	<i>I am confident that the responses to risk will take into account my preferred outcomes or best interests.</i>
Protection – Support and representation for those in greatest need.	<i>I am provided with help and support to report abuse. I am supported to take part in the safeguarding process to the extent to which I want and to which I am able.</i>
Partnership – Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse.	<i>I am confident that information will be appropriately shared in a way that takes into account its personal nature. I am confident that agencies will work together to find the most effective responses for my own situation.</i>
Accountability – Accountable and transparent safeguarding practice	<i>I understand the role of everyone involved in my life.</i>

Prevention

It is useful to understand how our objectives at Barnwood Trust link to enhancing personal factors known to reduce the risk of abuse. These include good self-esteem; participation in activities which increase independence; being connected and active in the community, reducing isolation; and external factors such as good community networks; opportunities to connect; access to advice, support and information. The things you should do towards creating a safe environment for yourself and others includes, in particular:

- (i) Avoid lone working, where possible.
- (ii) Always let others know where you will be working and the timeframe.
- (iii) Never make inappropriate friendships or arrange to meet vulnerable people in circumstances unconnected to work.
- (iv) Keep a note of any situations that make you feel uncomfortable.
- (v) Respect individuals' right to privacy.

You should not:

- (i) Permit abusive behaviour by others or engage in it yourself.
- (ii) Engage in suggestive remarks or behaviour which could be misunderstood.
- (iii) Do anything which undermines a good reputation for a safe environment.

This course is delivered by GSAB virtually on Zoom with multi-agency attendance. Where required, a suitable alternative training provider will be used.

APPENDIX 3: GOOD PRACTICE – RESPONDING TO A DISCLOSURE

Remember, it may have taken a great deal of courage for the person to tell you something has happened to them – or to someone else – and fear of not being believed can cause people not to tell. The following is based on guidance for professionals working with adults who have care and support needs, but anyone may use it as guidance to respond to concerns of abuse.

Listen

Listen carefully to what is said and get medical attention if needed

Accept what the person is saying

Don't promise you'll keep what they tell you confidential or "secret"; at no time should you promise confidentiality

Don't 'interview' the person; just listen carefully and calmly to what they are saying. If the person wants to give you lots of information, let them.

Ask

You can ask questions to establish the basic facts but try to avoid asking the same questions more than once, or asking the person to repeat what they have said – this can make them feel they are not being believed.

Ask only open questions such as, 'how did this happen?', 'what was happening at the time?' or 'anything else you want to tell me?'

Do not ask questions which may be considered to suggest what might have happened, or who has perpetrated the abuse

Explain

Explain that you will need to tell another person, but you'll only tell people who need to know so that they can help.

Reassure the person that they will be involved in decisions about what will happen.

Record

As soon as possible on the same day, make a written record

Include the date and time, who was involved, what happened or what you were told, in the person's own words, the views and wishes of the adult, any actions and decisions taken at this point, any other relevant information, e.g. previous incidents that have caused you concern. Remember to keep the report factual as far as possible. However, if it contains your opinion, it should be clearly stated as such.

Pass On Your Concerns

Talk immediately to your line manager and the DSL or deputy DSL to agree next steps and decide if your concerns should be passed to the safeguarding team or the police.

Barnwood Trust Welfare/Safeguarding Form

If the person you are concerned about is at immediate risk of serious harm to themselves or others you need to contact the emergency services. If your concern is not an emergency but the person requires immediate support, phone the adult help desk on 01452 426868 or email socialcare.enq@gloucestershire.gov.uk. If you take either of these actions you must continue to complete this form.

This form must be used when you have any concern for somebody's welfare or have a safeguarding concern. We encourage you to use this to record either; what may appear to be a wellbeing concern, could sometimes be the signs of a safeguarding issue.

Please note this may be used for monitoring and reporting. All information is processed in line with the Trust's data protection policies. Concerns are anonymised to support Trustees oversight of concerns raised and actions taken.

APPENDIX 5: MY CONCERNS ARE NOT BEING HEARD

You may come across a situation where you have safeguarding concerns about the action or inaction of another professional or organisation. Examples:

- Your safeguarding concern was not considered to meet intervention thresholds;
- A disagreement about roles and responsibilities;
- A concern about action or inaction within someone's safeguarding plan.

The most important thing is to discuss these differences, in a professional and productive manner. In both Children and Adult Safeguarding, partners have signed up to a dispute resolution protocol. The following steps reflect these protocols:

Step One: Discuss with Other Worker

Have an open and honest conversation with the other practitioner, highlighting our concerns. It will be a good idea to consult the DSL, to help clarify your thinking and what outcome you are seeking to achieve. Timescale for resolution: within 5 working days or a timescale that protects the adult/child from harm (whichever is less).

Step Two: Escalate to Line Manager

If the problem is not resolved, your line manager or DSL should raise the concerns with the Team Manager in the other agency. This is part of expected everyday practice and is reflective of an open and honest culture in the best interests of children or adults. Timescale for resolution: within 5 working days or a timescale that protects the adult/child from harm (whichever is less).

Step Three: Escalate to Senior Manager

If the matter is not resolved, your line manager or DSL can formally refer it to the appropriate Head of Service in the other agency. The two managers must attempt to resolve the concern through discussion. At the same time, notify the GSAB Business Manager¹⁴ or GSEC Safeguarding Support Unit¹⁵. Timescale for resolution: within 5 working days or a timescale that protects the adult/child from harm (whichever is less).

Step Four: Where Disagreements Remain

In the unlikely event that the professional disagreement remains unresolved, it will be referred to the Chair of Gloucestershire Safeguarding Adults Board¹⁶ or the Safeguarding Children Independent Scrutineer¹⁷.

Appendix 6: SELF CARE IN SAFEGUARDING WORK

Whether you are the Designated Safeguarding Lead, someone who frequently works alongside people, or you occasionally do so; you may hear stories of abuse or neglect which leave you feeling shock, anger, empathy, disbelief or sadness.

It's normal to have an emotional response, however emotions can make it difficult for us to recognise or appropriately deal with safeguarding situations. Self-care becomes particularly important – actively looking after your own mental health and wellbeing, so that you can effectively support the people you work alongside.

Self-care is about the things that we do to balance our physical and emotional health and, in this context, guard against secondary trauma or fatigue. Self-care looks different for everyone, but here are five tips to help you:

1. Allow yourself time

Take time to process what you heard and be gentle with yourself. Take regular breaks. Pause and ask for help if you start feeling worn out either mentally or physically. Accepting your limits is not a sign of weakness.

2. Find your support network and stay connected

Make sure you spend time with the people who support you – close colleagues, the DSL, your line manager or a Mental Health First Aider. Without breaking confidentiality for the person concerned, you can still share how the safeguarding concern left you feeling. Peer support is vital; help each other recognise how you behave when you're stressed and tell-tale signs to watch out for, so you can support each other.

3. Recognise your changing emotions

Pay attention to any changes in your feelings, attitudes and beliefs. If you spot changes to your personal motivations or feelings about what you can achieve or signs of personal stress, try not to hide it and seek support.

4. Set boundaries and limits

'No' can be a hard word to hear, and sometimes even harder to say. Respect your own boundaries of what you can and cannot take on at this time. Don't be afraid to say 'no' when needed – to a colleague, someone from another organisation or a member of the public. If in doubt about setting safe boundaries, do consult your line manager and/or the DSL.

5. Ask for help

The thing about safeguarding is that you'll always be learning, so never be afraid to ask for help or advice. It's one of the best strategies to keep yourself, and others, safe. You can always find others who can help or provide guidance you may not have considered. _
